Recommended Resources/Tips to Support Parents – Dated 05/05/2020

Please see below for our weekly recommendations of resources and tips to support parents during the current COVID-19 outbreak.

Those currently supporting children and young people to learn from home can access 180 lessons a week for every year group from reception upwards via Oak National Academy. It provides video based learning and resources which *may supplement school directed learning*:

The Anna Freud Foundation website has a helpful page with information about how to support children during the Covid-19 outbreak. It also includes advice for young people and schools:

<https://www.annafreud.org/coronavirus/>

The [fearless.org](https://www.fearless.org) website has a range of free downloadable educational resources which include topics such as CSE awareness, County Lines, Gangs and Knife Crime. They can be used to support and educate both young people and professionals:
