RELIGIOUS EDUCATION SUBJECT STATEMENT

CURRICULUM AIMS

At St Mary's we shape our curriculum so that all pupils are provided with high quality teaching and learning, with Jesus Christ at the centre of all we do. We aim to teach pupils how to grow into positive, responsible citizens, who can work and co-operate with others while developing the knowledge and skills to achieve their true potential.

"The Christian life is a call to a deeper communion with God and with one another, and this finds particular expression in our schools, which are rightly recognised as being families themselves, where no one is a stranger and where everyone, whatever his or her background or academic ability, is welcomed, treasured, supported and helped to become the person whom God calls them to be."

Bishop Malcolm MacMahon.

We aim to provide a Catholic Christian education based on the life and teaching of Jesus Christ, in which the values of the Gospel underpin all aspects of school life;

To provide a friendly, nurturing environment in which the dignity of each person as a child of God is recognised and developed; and to promote the full potential of each child through a curriculum which develops spiritual, academic, creative, social and emotional growth;

To provide a curriculum which is enriching and challenging, where pupils experience the opportunity to learn in a wide range of contexts.

INTENT

Religious Education (RE)

As we are a Catholic school, Religious Education is given priority and 10% of our curriculum time is spent on Religious Education. At St Mary's we believe that Religious Education and the Catholic life of our school is at the centre of all our learning.

Our aim is to provide quality Religious Education through “The Way the Truth and the Life” scheme of work. We want children to form a relationship with God through the teaching they receive and the experiences provided within our school and the wider community.

Though the RE curriculum we hope to support children on their faith journey and our main aims are:

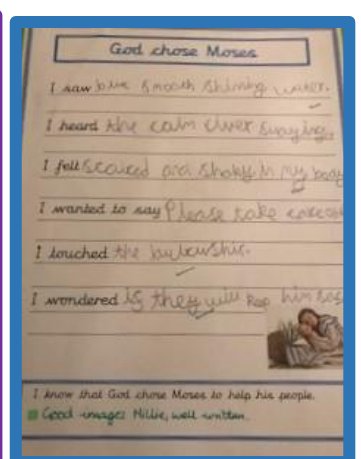

- To enable children to learn that Jesus wants us to think of others before ourselves.
- To develop a meaningful relationship with God as a loving and forgiving Father.
- To learn and be brought up in the teachings of the Catholic Faith.
- To find out about the life and teachings of Jesus and relate these teachings to our own lives.
- To recognise and value our own uniqueness.
- To respect and care for people around us.
- To be aware of and respect other religions and beliefs in the world

We focus on three areas which enable us to deliver quality RE with Christ at the heart of everything we do.

- Religious Education
- Catholic Life
- Collective worship

IMPLEMENTATION

All children at St Mary’s follow “The Way the Truth and the Life” scheme of work. Each year group, from early years to Year 6, follows six carefully planned themes and assessment is built into each theme. The children take great pride in their RE work and a creative approach which includes Drama, Art, Music and singing has been adopted to explore the themes within each year group.

RE in the Early Years

Children in the foundation stage also follow six themes within The Way, the Truth and the Life, however the Early Years curriculum is organised across seven areas of learning rather than subject areas. Children will learn through first-hand experiences to explore, observe, problem solve, predict, think critically, make decisions and talk about their experiences.

They will explore the themes in terms of special people, books, times,

places and objects or artefacts. They

will listen to and talk about stories. They are introduced to religious words and use their senses to explore religion and beliefs. They reflect on their own feelings and experiences.

They use their imagination and curiosity to develop their appreciation and wonder of the world in which they live.

Catholic Life

The Catholic life of St Mary's is rich in opportunities for the children to encounter and deepen their relationship with God.

The children have experiences within school and the wider community. These experiences help to make our school special and enhance the lives of our children, staff and parents. They complement and enhance the RE curriculum.

Key stage 1 children take part in wide variety of activities which have included Advent prayer trails, Lenten Activities provided by the local high school and CAFOD assemblies.

In Key Stage 2 children often take an active role in planning activities to enhance the catholic life of the school including Lenten prayer trails, Rosary club, assembles and visiting groups and speakers.

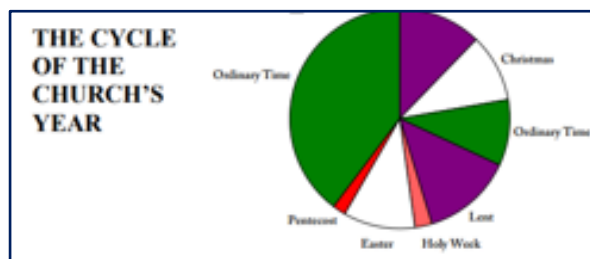

Collective Worship

Although collective worship is in addition to the 10% teaching time designated for RE. It is an integral part of our catholic teaching.

Children and teachers plan and deliver class reflections, assemblies and school masses. These are often related to the current theme within The Way the Truth and the Life or a topical issue.

The children participate with reverence and respect and all classrooms have a focal point that reflects the liturgical year. The school's wider community are invited to share in these experiences and parents are always eager to join the children for class assemblies and masses.

INCLUSION

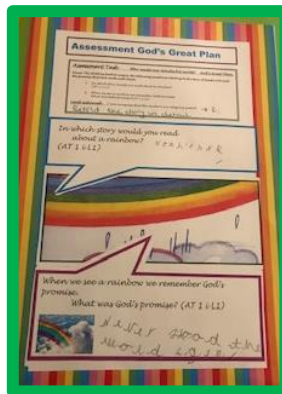

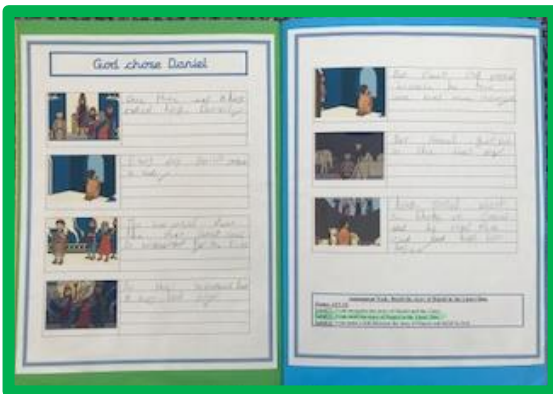

All children receive Quality First Teaching in RE. Any child with identified SEND may have work different from their peers in order to access the curriculum dependent upon their needs. The creative nature of the RE curriculum allows all children to access a wide variety of activities and experiences.

IMPACT

Assessment

RE in our school is progressive and planned to meet the needs of all children. Assessments are carried out regularly. Each theme within The Way and the Truth and The Life is assessed and these are then moderated within year groups.

The level achieved for each topic is recorded in the child's work book and then an overall level is given at the end of the year.

Continuing Professional Development

Professional development for staff is always ongoing through staff meetings or Team meetings delivered by RE leaders. RE leaders also attend 3 coordinator days organised by the diocese and they attend cluster group meetings with other RE coordinators.

Newly qualified teachers attend a 1-day course on the teaching of RE in a catholic school.

All staff are regularly updated with any changes.
